This two-day course, taught by expert and engaging faculty, uses a thorough, evidence-based curriculum designed for psychiatrists, nurses, physicians, social workers, mental health providers, childbirth professionals, social support providers, and anyone interested in building skills for assessment and treatment of perinatal mood disorders.

Upon completion of this course, the participant will be able to:

1. Identify the challenges faced when identifying and treating Perinatal Mood and Anxiety Disorders.
2. Describe the symptoms and understand the differential diagnosis of prenatal and postpartum depression, anxiety, panic disorder, OCD, PTSD, bipolar disorders and psychosis.
3. Discuss psychopharmacology as it relates to pregnancy, postpartum, and lactation.
4. Assess prenatal and postpartum risk factors.
5. Assess for Perinatal Mood and Anxiety Disorders.
6. Identify treatment options for PMADs.
7. Discuss breastfeeding and PMADs.
8. Develop psychosocial and self-help treatment plans as well as appropriate psychotherapy techniques and alternative therapies.
9. State appropriate psychotherapy modalities.
10. Indicate consequences of untreated Perinatal Mood and Anxiety Disorders.
11. Discuss effects and consequences on partners.
12. Identify social support, legislative changes, and community resources, including how to set up support groups and offer social support.
13. Discuss cultural differences and PMADs.
14. Discuss spirituality and PMADs.

Continuing Education

AAFP CMEs: This Live activity, Perinatal Mood Disorders: Components of Care, from 05/28/2018 – 05/27/2019, has been reviewed and is acceptable for up to 14.50 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

APA: Postpartum Support International (PSI) is approved by the American Psychological Association to sponsor continuing education for psychologists. Postpartum Support International (PSI) maintains responsibility for this program and its content. Course eligible for up to 14.5 Credit Hours.
